Projects

Precision CPQ
Ho Chi Minh, Vietnam

ARCHITECT & DEVOPS & KEY MEMBER
May. 2018 - Present

- CPQ, or Configure Price Quote Software is a sales tool designed to help companies produce accurate and highly configured quotes making all of the complex product, pricing, and business rules centralized, automatic and available in real-time, so sales has everything they need at their fingertips. The result is expanded revenue by helping all channels sell more, sell bigger, and sell anywhere. For most complex products, pricing or channels, CPQ boosts sales effectiveness by giving you the power to create the best quotes possible.
